SIR:

I am the barangay Captain of Barangay Liptong, Valencia, Negros Oriental. I heard so much of your community services being conducted in the different barangays not only in Valencia, but also in other towns. Many benefited on this activity. Being the head, I would also like my constituents to experience the worthwhile programs of your State University. As a start, I would like to request for an outreach activity so my people can get to know what NORSU can offer to improve our lives. I would like to give you a perspective of the situation of my barangay. The area is agricultural, however, not all families till the land. The means of living of the people rely mostly on employment in the city and local businesses. There are many below school age children, youth (a good number indulged in drugs, around 11 of them), unemployed housewives, indigents, Person With Disabilities, and even unemployed husbands.

I understand that the role of a State University like NORSU is an agent of change, to improve the lives of the people in the community. I hope that the expertise of your human resource can help improve our local community.

May this outreach activity be the beginning of a strong partnership in the future. Thank you very much.

Very respectfully yours,

  
FERNAND VERGARA NUAY  
Barangay Captain

### I. Source of Funds

- NORSU, Valencia LGU, Brgy. Liptong, and benefactors

### II. RATIONALE

(Provides a situationer or conditions that justifies the project)

Liptong is a barangay in the municipality of Valencia, in the province of Negros Oriental. Its population as determined by the 2020 Census was 1,224. This represented 3.16% of the total population of Valencia. The household population of Liptong in the 2015 census was 1,193 broken down into 272 households or an average of 4.39 members per household. According to the 2015 Census, the age group with the highest population in Liptong is 20 to 24, with 127 individuals. Conversely, the age group with the lowest population is 80 and over, with 15 individuals.

Combining age groups together, those aged 14 and below, consisting of the young dependent population which include infants/babies, children and young adolescents/teenagers, make up an aggregate of 25.73% (307). Those aged 15 up to 64, roughly, the economically active population and actual or potential members of the work force, constitute a total of 67.56% (806). Finally, old dependent population consisting of the senior citizens, those aged 65 and over, total 6.71% (80) in all.

The computed Age Dependency Ratios mean that among the population of Liptong, there are 38 youth dependents to every 100 of the working age population; there are 10 aged/senior citizens to every 100 of the working population; and overall, there are 48 dependents (young and old-age) to every 100 of the working population.

The median age of 28 indicates that half of the entire population of Liptong are aged less than 28 and the other half are over the age of 28

The means of livelihood of the residents is focused on farming since the area is agricultural. A good number of the residents work as laborers as well as providing workforce in Dumaguete City. The mothers are housewives who take care of the needs of the children and the family. Children are mostly educated in a local elementary school. High school age children are enrolled mostly at Valencia National High School in barangay Bong-ao, around four kilometers from Barangay Liptong.

Per consultation with the barangay during our outreach activity last January 21, 2024, not only are the local officials willing to improve their lives in various ways but also the constituents. The request for training comes from them, hence, this proposal is conceived.

### III. OBJECTIVES

(General objective and specific objectives of the project)

The Halad Pagbansay aims to improve the lives of the people living in Barangay Liptong. Specifically, this training intends to

- Develop the skills and livelihood capabilities
- Empower barangay folks on their duties and responsibilities to protect their family and the entire barangay
- Improve individuals through wellness activities, and
- Enhance academic endeavours of struggling learners in varied subjects

### IV. BRIEF DESCRIPTION

(What is the project and what is the overall intent(s) of the project? It can also present the components of the projects, if any)

The Halad Pagbansay is basically a training program for interested barrio folks who would like to make a difference in their lives. This involves various aspects, like: skills or livelihood training, strengthening of barangay duties and responsibilities by elected/appointed officials, wellness, as well as academic tutorials for school age learners who are struggling academically.

### V. STRATEGIES OF IMPLEMENTATION

#### A. Partner- beneficiaries

(Who is the beneficiary? Where is it located (a sketch can be attached)? Why was the beneficiary chosen/criteria?)

The beneficiary of this Halad Pagbansay will be the barrio folks from Barangay Liptong, Valencia, Negros Oriental. This is one of the 24 barangays of Valencia located in the south of the town, near the border between the municipality of Bacong and Valencia. They were the recipients of the newly finished outreach program conducted by the College in January 21, 2024. They were satisfied with the services provided during the outreach and asked for more trainings/engagement from the University. Based on the training needs assessment, varied needed services were identified.

#### B. Program Management

(Who are the people involved in the project and their positions? How will the project be managed? An organizational structure maybe presented as an attachment)

The program is spearheaded by the College of teacher Education and Graduate Teacher Education Programs, and ably supported by the College of Criminal Justice Education, College of Agriculture and Forestry, and College of Industrial Technology. Project leaders and co-leaders from the different colleges will collaborate in the implementation, monitoring, and evaluation of the program. Strong tie-up with the local barangay officials through the barangay captain will also be done. Pupils with least learned skills identified by the Department of Education through Liptong Elementary School Principal will also be catered in the barangay through the tutorial classes.

**Project Team Composition** (Note: Information from this table will be used in the preparation and issuance of Special Order by UESO). Copy of the approved special order/s will be given to the college/faculty expert together with the copy of duly approved proposal evaluation and notice to Proceed

- C. **Technical Aspect** (Presents what is involved in the project including its components (if any), what is to be done and how will these be accomplished)

The training of the different skills will be done on weekends. The tutorials will be done every Saturday morning at Liptong Elementary School in strong partnership with the teachers, NORSU trainers and the identified learners with least learned skills.

Training on wellness, barangay duties and responsibilities as well as skills/livelihood will also be conducted on weekends at different venues in Barangay Liptong, Valencia

D. **Project Monitoring and Evaluation**

(Presents the parameters to be measured to determine the significant impacts of the project and the regularity of monitoring and evaluation. Forms for monitoring may be attached)

Performance of both trainers and trainees will be evaluated at the end of the training period. An instrument from the Research and Extension Office of the University will be used on this matter.

**NEGROS ORIENTAL STATE UNIVERSITY (NORSU)**, in Dumaguete City, Philippines created under the Republic Act 9299 on June 25, 2004, whose main office address at Dumaguete City, represented by its President **Joel P. Limson, Ph. D.**, hereinafter referred to as **NORSU**.

**NORSU and Barangay Liptong** are hereinafter referred to individually as "**Party**" and collectively as "**Parties**".

**WHEREAS,**

- A) **Barangay Liptong** is a barangay in the municipality of Valencia, in the province of Negros Oriental. Its population as determined by the 2020 Census was 1,224. The means of livelihood of the residents is focused on farming since the area is agricultural. A good number of the residents work as laborers as well as providing workforce in Dumaguete City. The mothers are housewives who take care of the needs of the children and the family. Children are mostly educated in a local elementary school. High school age children are enrolled mostly at Valencia National High School in Barangay Bong-ao around 4 kilometers from Barangay Liptong.

Under R.A. 7160, the barangay serves as the implementing unit of government policies, plans, programs, projects, and activities in the community (provision of basic health at the community level; peace and order; dispute resolution; among others).

- B) **Negros Oriental State University** is mandated to provide advanced education, higher technological, professional instruction and training in the fields of arts, sciences, education, commerce, agriculture and forestry, and fishery and other related fields of study. It shall also promote research and extension services and provide progressive leadership in its areas of specialization (Republic Act 9299).

- C) **NORSU - College of Teacher Education and Graduate Teacher Education Programs** provides quality instruction and effective training that will develop a progressive education for those who are deserving and to keep abreast with the changing times and apply latest technology and modern techniques in curriculum and instruction in all aspects of education as application in varied programs including wellness;

- D) **NORSU - College of Criminal Justice Education** provides quality instruction and effective training that will develop a progressive education for those who are deserving and to keep abreast with the changing times and apply latest

technology and modern techniques in Law Enforcement, Criminal Justice System, Public Safety Administration, Corrections and Jail Management

- E) NORSU - College of Industrial Technology and Graduate Programs provides quality instruction and effective training that will develop a progressive education for those who are deserving and to keep abreast with the changing times and apply latest technology and modern techniques in the development of livelihood skills specifically in driving and troubleshooting, electrical house wiring, welding and industrial; arts;
- F) NORSU - College of Agriculture, Forestry and Fisheries and Graduate Programs provides quality instruction and effective training that will develop a progressive education for those who are deserving and to keep abreast with the changing times and apply latest technology and modern techniques in Agriculture specifically in soil plant-based organic agriculture and animal production.

NOW, THEREFORE, in recognition of their common interests and objectives, and in order to supplement and strengthen the existing understandings amongst the Parties with respect to cooperation in community development, the Parties confirm their mutual understanding on the following:

#### ARTICLE I. PURPOSE

- 1.1 The Purpose of this MOU is to provide skills and professional trainings, knowledge transfer and seminar on Community Crime-Disaster Prevention and Control in order to eliminate or reduce the impacts and risks of hazards through proactive measures taken before an emergency or disaster occurs, enhancement of livelihood skills, literacy, numeracy, sports and wellness, and in the field of agriculture.
- 1.2 The purpose of this MOU is strictly limited to expressing a desire of the Parties for mutual cooperation, and is not intended to impose any legal obligation of any nature on either Party.
- 1.3 This MOU shall not in any manner supersede the existing understandings and other arrangements between the Parties.
- 1.4 "The development and implementation of specific activities based on this MOU shall be separately negotiated and agreed upon in writing by the parties,"

#### ARTICLE II. SCOPE OF COOPERATION

Within the context of their respective mandates, objectives and procedures, the Parties shall cooperate in the following area:

## **MULTI-DISCIPLINARY HALAD PAGBANSAY FOR BARANGAY LIPTONG VALENCIA, NEGROS ORIENTAL**

Launching and MOU Signing  
June 15, 2024 to December 22, 2024

Liptong Gymnasium, Municipality of Valencia, Negros Oriental

The faculty from four colleges—College of Teacher Education (NORSU Main Campus I), College of Criminal Justice Education (NORSU Main Campus II), College of Industrial Technology (NORSU Main Campus I), and College of Agriculture, Forestry, and Fisheries (NORSU Pamplona Campus)—began the registration activity prior to the start of the launching program. Most beneficiaries actively participated in filling out the registration forms during this time.

Dr. Roulette Cordevilla, the CTED Student Coordinator, served as the host during the launching and MOU signing event. Faculty members from the four colleges and the beneficiaries were also present for the activity.

Barangay Captain Fernand Nuay delivered his welcome remarks to the Negros Oriental State University extensionists and the residents of Barangay Liptong, expressing his support for the extension activity.

Dr. Libertine C. de Guzman, Dean of the College of Teacher Education and the lead for this extension activity, delivered the rationale for the event and introduced the deans of the four participating colleges.

Dr. De Guzman introduced Dr. Darlene Posas from the College of Agriculture, Forestry, and Fisheries at NORSU Pamplona Campus. Dr. Posas then showcased the extension courses they can offer to the beneficiaries of Barangay Liptong.

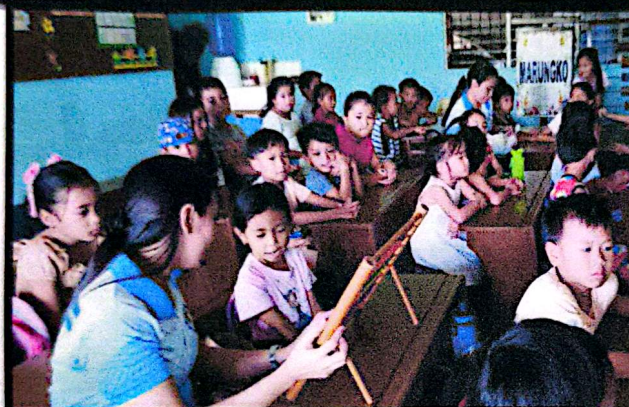

To strengthen the bond between NORSU and Barangay Liptong, a Memorandum of Understanding (MOU) was signed. The signing was carried out by NORSU officials alongside Barangay Captain Ferdinand Nuay, his barangay officials, and the Sangguniang Kabataan officials.

The Assistant Dean of the College of Teacher Education delivered the closing remarks, emphasizing that this extension activity marks not just a beginning but a sustainable effort aimed at improving the living conditions of all beneficiaries through the knowledge and skills gained.

## VII. DOCUMENTATION

Dr. Libertine C. De Guzman, together with Dr. Roulette P. Cordevilla, Dr. Dindo R. dela Pena, and Prof. Jonah Mavel M. Velez, , convened a meeting with the parents of the Grade 1 pupils to discuss the objectives and details of the tutorial program. During the meeting, parents were thoroughly oriented on the program's goals, which include enhancing the literacy and numeracy skills of the pupils through focused and structured sessions. It was emphasized that their presence and support during the scheduled sessions, held every Sunday, are integral to the program's success.

The faculty members took the lead in conducting hands-on tutorials with the Grade 1 pupils, ensuring personalized attention to address each child's unique learning needs. Prior to the commencement of the tutorial activities, an introductory session was facilitated, where each pupil introduced themselves with guidance and encouragement from a faculty member. This activity aimed to create a warm and inclusive environment, fostering a sense of belonging and boosting the pupils' confidence.

Prof. Jonah Mavel M. Velez facilitated the introduction of the tutees, creating an engaging and welcoming environment where each child had the opportunity to share their name. This activity aimed to foster a sense of community and ease among the pupils.

Additionally, she provided focused, individualized instruction to a Grade 1 pupil, emphasizing the recognition and production of letter sounds. Through this personalized approach, the teacher ensured that the child could grasp the foundational skills necessary for reading, laying the groundwork for future literacy development.

Prof. Jonah Mavel M. Velez documented the tutorial session by capturing a photograph of the MAECE student-interns conducting one-on-one tutorials with the pupils. This highlighted the personalized and focused nature of the instructional approach, which aimed to address the unique learning needs of each child.

She collaborated closely with the MAECE interns, ensuring that the sessions were well-structured and aligned with the program's objectives. This partnership emphasized the importance of teamwork in delivering quality education and fostering meaningful learning experiences for the pupils.

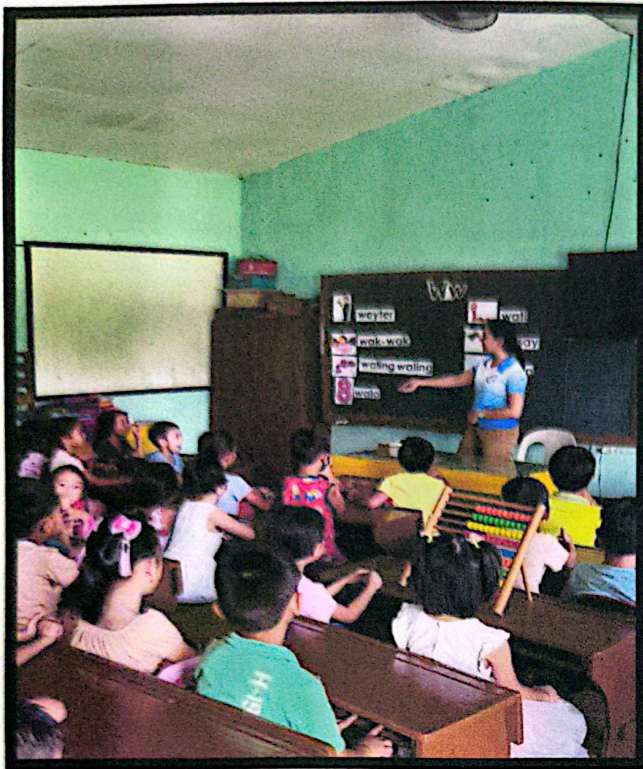

## VII. DOCUMENTATION

Dr. De Guzman, Dean of the College of Teacher Education, briefs parents on what to expect during the tutorial sessions for their children, ensuring a collaborative approach to their learning journey.

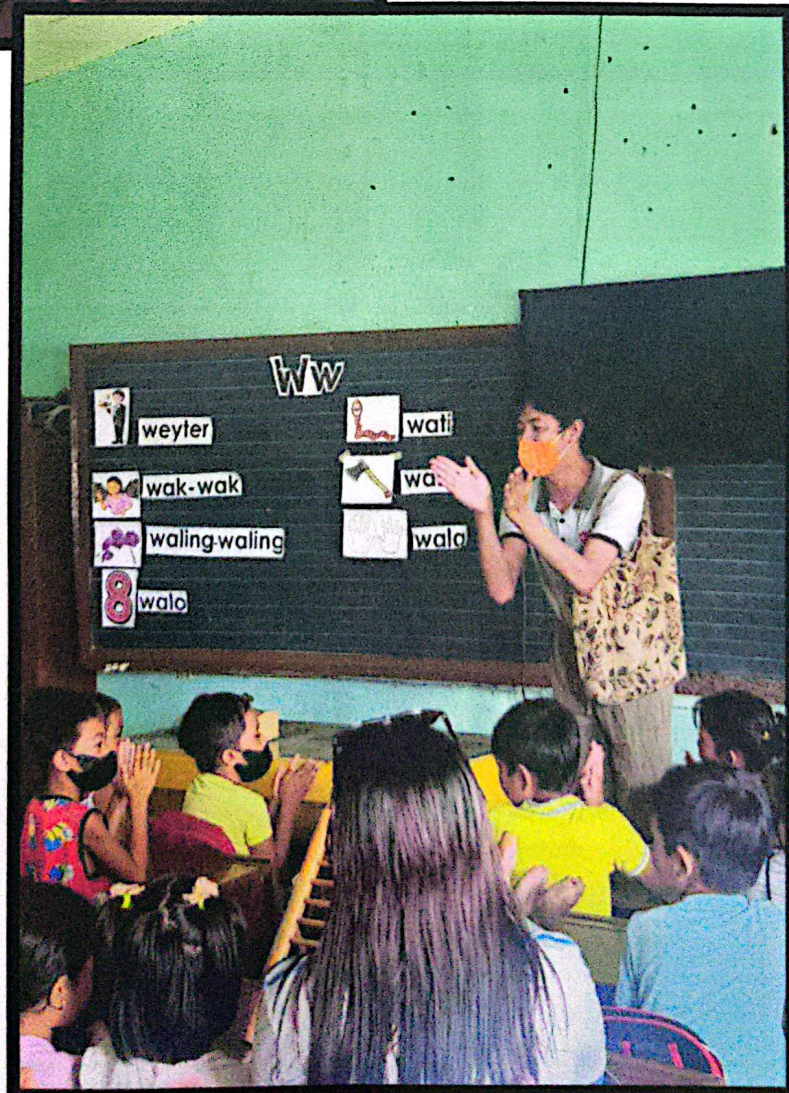

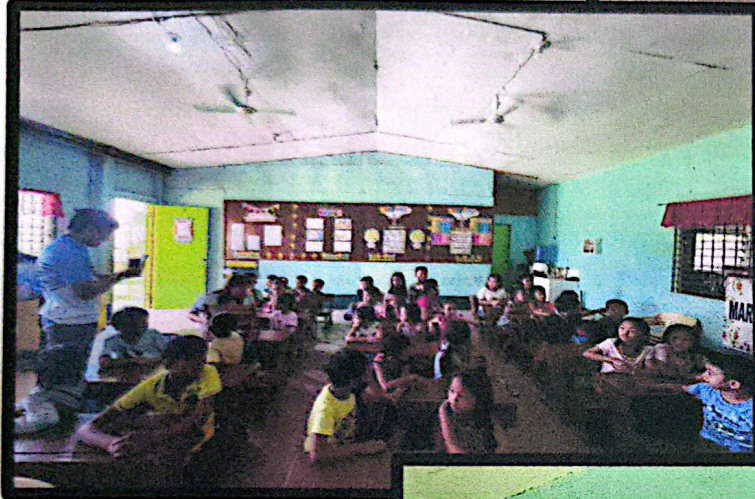

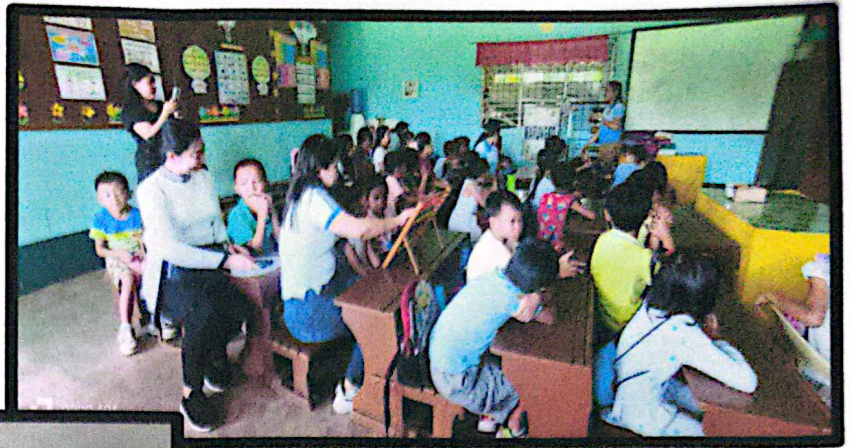

Prof. Jonah Velez guides the students as they introduce themselves, creating a welcoming atmosphere for the tutorial program.

Tutors began introducing themselves to the pupils to help them feel more comfortable and at ease.

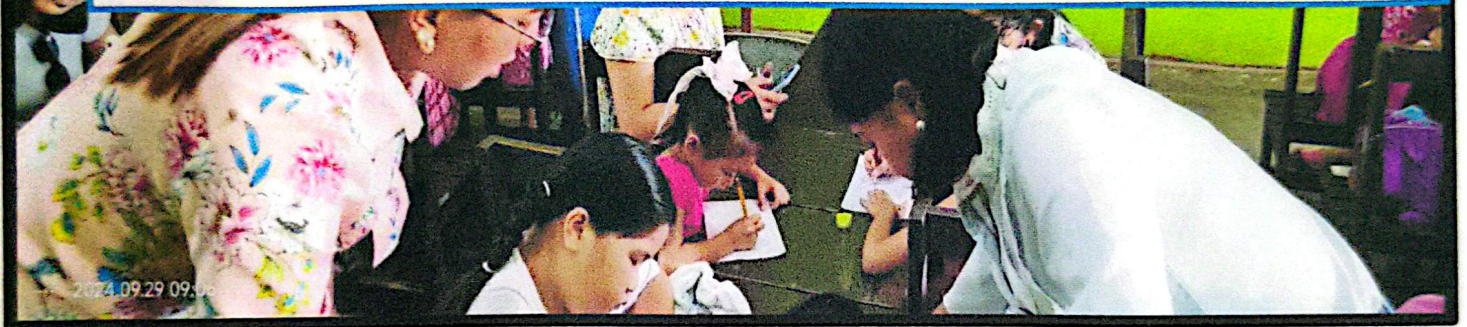

Dr. Catherine T. Eliaga facilitated the tutorial session, guiding the students and offering support as needed.

Mrs. Sweet Marisse Duran-Alcansado, one of the tutors, gave instructions to the students and fellow tutors, sharing the target goals for the day.

To kick off the tutorial, MACE students start with a fun energizer, preparing the pupils for an active and focused reading lesson.

With some of the amazing professors from the College of Teacher Education, who inspire and mentor future educators with their knowledge and experience.

A memorable photo op with the esteemed Filipino teachers who shared their expertise with the students at the Liptong Covered Court during the culmination: Dr. Catherine T. Eliaga, Dr. Marissa L. Salgado, Mr. Teodorico Jamero, and Mrs. Sweet Marisse Duran-Alcansado.
